WHAT WE DELIVER

- **Go Lives That Stick** — Full-cycle implementations from Discovery through Go Live and post-Go Live support, with minimal business disruption.
- **Technical Depth, Zero Risk** — Custom development, API integrations and reporting handled by certified seniors — not juniors learning on your project.
- **Adoption That Lasts** — Train the Trainer programmes that leave customer teams confident and self-sufficient.

INDUSTRY EXPERTISE

- **Distribution** — Inventory, supply chain, warehouse ops, order fulfilment
- **Field Service** — Scheduling, dispatch, service orders, mobile workforce
- **Retail & Manufacturing** — Secondary vertical capability available

TECHNICAL CAPABILITIES

- Full-cycle Acumatica configuration & implementation
- Custom framework development (C#)
- REST API integration & automation
- Data migration & system conversion
- Generic Inquiries, advanced reporting and SQL Views
- Workflow design & automation

OUR TEAM

Susan Johnson
Managing Partner

6 yrs Acumatica · 18 yrs ERP · 9 Badges

Alan Conroy
Senior Technical Consultant

5 yrs Acumatica · 28 yrs ERP · 9 Badges

Ryan Johnson
Business Analyst

Cross-industry · Emerging ERP professional

WHY VARS CHOOSE ACUGEN

- **Seniors only.** Every engagement led by consultants with 18+ years ERP experience.
- **We protect your reputation.** Clean delivery, clear communication, no surprises. Your customer's Go Live reflects on you.
- **Lean and fast.** AI-assisted delivery means tighter timelines and better value — without cutting corners.
- **We scale with you.** One project or a pipeline of three — we flex to your capacity needs.

HOW WE ENGAGE

- **White-Label Delivery** — Seamless extension of your team
- **Fixed-Price Projects** — Defined scope, clear outcomes, no billing surprises
- **Time & Materials** — For ongoing support or custom development
- **US & Canada** — Remote delivery across North American time zones
